Unit Popov has been stationed at the (N 53/Z 65) since about September 19 and composition had not changed. was activated from recruits in September the bulk of the unit had been engage which, allegedly, was to have extend left in the direction of Nauen on ab Kavallov arrived at the Olympisches officer school was moved to Wuensdor unit was a type of NCO school, as it school unit. Besides being given clotraining, a large part of the daily devoted to theoretical instructions. stationed at the Olympisches Dorf we grounds. Only a guard detail of this employed by the unit were given disc.	this unit 25X mber 1951. Since 30 July 1952, in a large field exercise and over one week. The unit out 20 trucks. (1) Unit Dorf in July 1951, when the f

former unit would not return, but that a new troop unit was expected to arrive and they would probably be reempleyed by this unit. (2) On 1 August, some of the soldier athletes were still stationed at the clympisches Dorf. Athletic competitions were allegedly to be held there during the period from 6 to 12 August. (3) Colonel Kolpin (fnu) was the chief administrative officer of the Doeberitz military nost. His headquarters was located in the Neues Lager. A

military post. His headquarters was located in the Neues Lager. A high-ranking officer called Berezin (fnu) was frequently seen with this colonel. In late July, after Colonel Kolpin (fnu) had visited the administrative headquarters at the Olympisches Drf, it became known that probably no German workers would be employed with Soviet combat units after October 1952. These workers are scheduled to be raplaced by Soviet civilians. During the reported period. Germans

compar units after october 1992. These workers are scheduled to be replaced by Soviet civilians. During the reported period, Germans were recruited to familiarize these Soviet civilian workers with their jobs. Thus for example, the chief electrician of the Olympisches Dorf was asked whether he was ready to familiarize Soviets with

the setup and maintenance of the cable net of the installation. In Henes Lager, Soviet civilians were allegedly being familiarized with their jobs by a German engineer from East Berlin. German emvloyees

in administrative headquarters offices were not given notice. (4)
